REMOVALS, STORAGE AND INTERNATIONAL SHIPPING

Welcome to Britannia in Finland

Britannia in Finland

For many years Britannia has been providing an excellent door to door shipping and removal service to Finland, and can either transport your effects by shared load (groupage) or by sole use container load. Household and personal effects can be transported to Finland in various ways; overland by road van, by sea containers or by air.

Importing Personal Effects

Finland is outside the EU and therefore goods are subject to Finnish Customs Regulations. Used household goods may be imported duty free provided you have owned them for at least 6 months prior to arrival, and that the owner has resided abroad for at least 12 months prior to importation date.

Documentation

Documentation required should be merely a copy of your passport, and detailed inventory list in duplicate (Finnish, Swedish or English), and a completed customs declaration form. Britannia will advise you of the requirements prior to your move.

Prohibitions and Restrictions

In general it is in your interest not to import the following items:

- Firearms & ammunition
- Inflammable goods & substances
- Plants & plant material
- Foodstuffs, perishables or otherwise
- Narcotics and dangerous goods
- Offensive materials
- Alcohol & Tobacco

Transit Times

Transit times can vary subject to the method of transport chosen, size of your consignment and the final destination. Britannia will advise you once this information is established.

Tracking Consignment

All groupage consignments will be bar coded before they are loaded into the vehicle. This will ensure that no items are left at origin and allow Britannia to check the status of your goods in transit.
